

SAPA Swim School Terms and Conditions

- Correct swimwear must be worn during lessons ie a swimming costume for girls and swimming trunks for boys. Swim hats must be worn at all times and all jewellery must be taken off
- Within lesson time, pupils are expected to listen and accept instructions from their swimming teacher, mainly for their own safety. Unacceptable behaviour will result in removal from the lesson
- Please ensure that your child uses the changing rooms to get changed in and not the poolside. Any child of eight years of age and over should get changed in their own sex changing room
- Comments to teachers from parents should be channelled through the SAPA Swim Co-Ordinator
- Parents / caretakers must stay in the vicinity of the swimming pool during their child's swimming lesson
- Parents are welcome to stay and watch lessons, however we do ask parents to sit upstairs in the viewing area, this is to reduce the noise on the poolside and allow the children to hear the swimming teacher's instructions
- If any child has a medical condition the SAPA Swimming Co-Ordinator should be informed at the time of enrolment. Please refer to separate note "Medical Conditions".
- Once your child has completed the first two swim lessons no refunds will be available. If you would like to make a cancellation please contact the SAPA Swim Co-Ordinator
- Armbands, floats must be supplied by the parent/caretaker.
- Please note that all articles left on the premises at the PSLC are left entirely at the owner's risk. We cannot be held responsible for any lost or damaged items
- In case of emergency, and if an evacuation is necessary, please stay calm and follow the guidance of the PSLC staff
- No outdoor shoes are allowed on poolside. They must be taken off before entering the pool area
- Food and drink is not permitted on any poolside
- PSLC Poolside Guidelines apply at all times

Medical Information

Please advise the SAPA Swimming Co-Ordinator at the time of booking of any medical conditions we should be aware of for a swimmer. These can include: asthma, epilepsy, allergies etc

If at any time a swimmers medical condition changes, please inform the SAPA Swim Co-Ordinator or the swimming instructor as soon as possible. All medical information will be treated with the strictest confidence.

Children who need access to inhalers should take them onto poolside and give them to their teacher or have them readily available for the duration of their lesson.

During the course of the term, if your child suffers from any gastric illnesses please be aware that it is recommended your child does not swim for at least 5 days following. This will help provide a safe and hygienic environment for our swimmers to learn in!
